

Save Our Trees, the Friends of AA County Trails and Anne Arundel Weed Resistance are teaming up again to remove ivy!

Save Our Trees

Join us at the southern terminus of the B&A Trail

English ivy is killing our trees and threatening our forests. Gather to remove ivy and revitalize the forest. Bring gloves, loppers, hand saws, water and bug spray. Wear long sleeves and pants. No experience necessary. We will teach you. Bring a friend.

We will remove ivy from canopy trees along the B&A trail, by the Montessori International School, 1641 N. Winchester Road, Annapolis, MD 21409. The school building is pale yellow with blue shutters. Parking is available in the parking lot in front of/below the school.

March 16, 2024, 9:45 am – noon
